

MyCalls for UNIVERGE SV8100

Fulfilling the promise of UNIVERGE®360

At a Glance

- Call and Cost management and analysis
- Real time call monitoring
- Call reporting and alarming
- Call recording
- Single and multinode support

MyCalls is a range of call management solutions that are easily expanded and upgraded as a company grows. It provides a unique set of features for the UNIVERGE SV8100, including call recording, and works on both single and multiple sites.

MyCalls Basic

A single user entry level application that helps provide a real-time snapshot of all calls. Free for the first 12 months.

MyCalls Call Manager

A sophisticated version for non-ACD environments providing a full complement of call management information.

MyCalls Call Centre

An essential application for any contact centres and specialist call centres. Provides supervisors full control of extensions and ACD groups from their desktop.

Empowered by Innovation

NEC

MyCalls Call Recorder

Equips MyCalls Call Manager and MyCalls Call Centre with full call recording capability for up to 90 PRI, BRI or analogue channels.

Calls are encrypted so they can't be tampered with and are compliant with specific industry regulations. Calls can be archived to a USB drive, CD, DVD, or DVD RAM.
